

# VOTING WHILE CAREGIVING

As caregivers, there are special considerations to take into account before making a voting plan. Here are some things to consider before deciding your best voting option:

	YES	NO
Am I immunocompromised?	<input type="radio"/>	<input type="radio"/>
Do I live with or provide care for someone who is immunocompromised?	<input type="radio"/>	<input type="radio"/>
Do I provide care for someone who lives far from my own polling location?	<input type="radio"/>	<input type="radio"/>
Am I the only person providing care for a young child, a person with a disability or an older adult?	<input type="radio"/>	<input type="radio"/>
Do I have children and am I unable to arrange childcare for them for more than 3 hours?	<input type="radio"/>	<input type="radio"/>
Do I work on election day and cannot take time off to go to my polling location to vote?	<input type="radio"/>	<input type="radio"/>
Am I not able or willing to stand more than 3 hours in line to vote?	<input type="radio"/>	<input type="radio"/>
I can't leave the person I care for alone for more than one hour.	<input type="radio"/>	<input type="radio"/>

If you answer YES to one or more of these questions, your best options are to vote by mail or to vote early in person.
